CAREERS

Marine electrician / engineer

Cockwells Modern & Classic Boatbuilding are looking for a marine electrician / engineer. The successful candidate will have prior experience of on-board DC and AC circuits. Critical activities will include fitting out new builds and the integration of modern systems into both classic and contemporary yachts. The rate of pay is negotiable based on experience and qualifications.

Cockwells offers traditional Boatyard services alongside the manufacture of a wide variety of vessels including high-end superyacht tenders. You will be a well presented, well organised team player, able to show competence and experience in marine electrical engineering.

You will be happy working under supervision but competent working alone where required.

You will have a basic knowledge of Health and Safety in this environment and be confident using fixed machinery. If you feel you are the person we are looking for please send us a C.V. and covering letter to info@cockwells.co.uk.

For more information please call +44 (0)1326 377 366
or email info@cockwells.co.uk
