

COCKWELLS

CAREERS

Project Manager

An experienced Project Manager is sought for Cockwells Boat Building near Falmouth, Cornwall, to manage the successful delivery of new build boat projects on time, to cost and meeting all Quality criteria.

Cockwells Boatbuilding build a range of beautiful bespoke custom & semi-production boats to order, using both wood and composite materials. Due to recent success securing further orders, we are now seeking an additional person to join our project management team.

We are a small growing company, currently going through a period of change due to site re-development and process enhancement, so someone with a flexible and pragmatic mindset will be a prerequisite for the role!

Ideally, you will from a manufacturing background, experience in the Marine industry will be a significant advantage, but is not essential.

The Boat Build Project Manager will be accountable for:-

- Managing the project through each stage of the project lifecycle; Initiation – Build – Delivery
- Managing the build to time & budget
- Ensure that all Quality checks have been actioned and evidenced
- Managing the teams working on the project & identifying resources required
- Managing Dependencies with other supply teams i.e. laminating, engineering, paint finishing, joinery
- Ensure that all Materials required are on site when needed. Identify materials required then, plan purchase in a timely way in conjunction with purchasing team.
