

COCKWELLS

DUCHY 35

With interior and exterior cockpits providing spacious accommodation for ten day guests or a luxurious weekend berth for two, the Duchy 35 is the perfect cruising yacht. What's more, we can customise it to your exact specifications with a single or twin cabin layout and any number of optional extras.

Recline on the waterproof upholstery to dry off in style, absorb the light from the sunroof and take in panoramic views from all-round windows. Take a hot shower. Select the twin cabin option for an upstairs galley and two double berths below. Add bespoke joinery and leather seating. Sip something chilled from the fridge whilst listening to your favourite tunes on the Fusion marine stereo. Prepare a gourmet supper using the sink and hob, and dine beneath the stars. The possibilities of life aboard a Duchy 35 that is uniquely yours are endless.

Built in low-maintenance composites, the seaworthy Duchy 35 can be moored easily and safely with her higher bulwarks. A side door beside the helm provides easy access to the foredeck and a single touchscreen display offers uncomplicated control of all on-board electronics.

DUCHY MOTOR LAUNCHES

Duchy 35

Do you own a waterside home and enjoy relaxing on the water with family and friends? Do you seek the polished styling and relaxed handling of a custom build without the high-end price tag? Then look no further than the Duchy 35.

Classically designed, handcrafted, semi-production vessels, Duchy Motor Launches are created by skilled craftsmen who combine the traditions of the shipwright with modern luxury, technology and performance.

Built from low-maintenance composites, you customise the interior to create something that is distinctly yours; tailored to meet your precise requirements. From custom-made stainless steel fittings, the choice of timber for the interior joinery and upholstery fabric to custom crockery and powering options, we ensure that your Duchy is exactly what you want it to be – a classic yacht for a modern world that chimes perfectly with your way of life. You also join a discerning group of Duchy owners and become part of the Cockwells family.

DUCHY 35 - ALTERNATIVE LAYOUTS

Flexibility is the watchword of our award-winning Duchy 35.

We can not only customise the interior detailing to reflect your taste and way of life – we can also adapt the design to match your maritime environment.

Whether you prefer a white-hulled or flybridge version for cruising in the Mediterranean, or the option we have specifically created for rockier, inland waters, the choice is yours.

Imagine reclining in style on a sunpad on the foredeck in the South of France, retreating to the coolness of the air-conditioned saloon, enjoying the shade cast by a Bimini, diving into azure blue waters from the easy-access bathing platform or sliding up the swimming ladder to dry off on board.

Appreciate the additional space offered by the flybridge option with its further seating for three that converts into sunbeds, a folding Bimini, the exquisite craftsmanship and convenience of a table that slides out from beneath the helm console, and storage for your tender.

Enhance already excellent seakeeping and manoeuvrability with an aft windlass for bow-to mooring, a pulpit with gate and a bow passarelle or ladder for Scandinavian shores.

Whatever your needs and wherever you sail, the Duchy 35 is the ultimate choice.
