# COCKWELLS

## 9.5M LIMOUSINE TENDER

---

This limousine once again demonstrates Cockwells' seemingly limitless flexibility when it comes to delivering a product that is individual and exclusive, without compromising on their renowned build quality and seakeeping. No two tenders are the same and every boat is custom build so the client gets exactly what they want.

The saloon has ample space for up to twelve guests and is furnished with soft leather lining and warm wood highlights to create an environment that radiates tranquillity at over 30 knots. She is also equipped with a Fusion marine stereo, heating and air conditioning.

Her state of the art EmpirBus system with custom touch screen allows for an easy control of all on-board electrical systems and gives the crew the opportunity to pre-set their preferred profiles. It controls everything on board, from navigation lights to air-conditioning and is supported by a worldwide 3-year warranty from Raymarine.
