# COCKWELLS

## 9.5M T/T GRACE E

---

With a lightweight epoxy foam sandwich hull exquisitely finished with teak decking and an external Awlgrip paint system, her luxurious handcrafted interior offers opulent leather seating for 12 guests as well as a wet bar, folding Bimini cover and bathing platform with underwater lighting, dive ladder and shower, among many other bespoke features.

Electric bow thrusters and a fly-by-wire joystick control provide exceptional manoeuvrability whilst her speed of more than 40 knots delivers a remarkably smooth and dry ride.
