- Outdrive legs
- Day head
- Varnished Mahogany Deck

COCKWELLS

9.5M GRACE

Although used as a private day launch, this yacht was based on a superyacht tender design and is similar to the design and build of the 9.5m Owner's Tender Grace E. But Grace features rich mahogany decks and benefits from a more family-friendly layout with a galley and a large table in the cockpit and a heads in the forepeak.

She is powered by twin 270hp Nanni engines and propelled by outdrive legs.
