

## SMALL BUT COOL

### COCKWELLS TITIAN TENDER

The British custom boat builder will show off one of its artisan creations, the 10.5m Titian, which marries exquisite craftsmanship with technical ingenuity and is bespoke down to the last detail, such as the specially cast stainless steel fittings.

### BLUEGAME 62

The restyled BG62 can be whatever you want it to be. Designed as a highly versatile sport utility boat, it can even be fitted with a tuna tower. The interior by Zuccon International Project is completely customisable as well.

### MAZU 52HT

The 15.8m 52HT was designed to be superlative in performance and comfort, with an open-sided carbon hardtop, Volvo Penta IPS propulsion, leather and marble interior and Opacmare transformer platform.

### PASCOE 8M OPEN LIMOUSINE

Drawing on its vast experience in building larger limo tenders, Pascoe has created a new 8m Open to fit in the smallest of superyacht garages. The details are up to the owner, tailored to match the mothership.

### CASTOLDI JET TENDER 21

Castoldi reveals the fourth generation of its Jet Tender 21 at this year's show. The highly successful model is better than ever, revamped with the most up-to-date design and equipment.
