COCKWELLS

IMPULSIVE

Only the finest materials and most up-to-date technology have been utilised to create this stylish cruising environment. From an advanced joystick control system for effortless manoeuvres to on-board Wi-Fi and a digital TV that can be discreetly hidden away by means of a motorised lift, innovation may be found at every turn. In the galley, you will find a hob, hot and cold running water, a Nespresso coffee machine and bespoke compartments for cutlery and crockery. Superlative leatherwork on the helm and saloon seating complements the handcrafted tool drawer, wine rack and bookcase.
