# COCKWELLS

## OCEAN FAUNA

---

This charismatic launch is a 32ft semi-displacement twin-screw wooden motor vessel. With the seakeeping qualities of a rugged pilot cutter and the luxury of a superyacht tender, she combines contemporary design methods with tried-and-tested techniques. Below deck is an impressive interior, finished in solid Cornish chestnut and trimmed with black walnut. Her solid teak deckhouse is surrounded by a teak laid deck. Twin 125hp Yanmar engines provide efficient cruising at 15 knots and a maximum speed of 18 knots. She offers excellent manoeuvrability.
