

## **Could you be one of our new GRP Technicians/Laminators?**

With 25 years' experience of building beautiful bespoke motor launches, sailing yachts and superyacht tenders for a discerning clientele, we are a family-run business, a reputable brand and a growing company that is globally respected in the boatbuilding industry.

We are technically advanced in all areas of our operations, working at the extremes of both construction and electronic technology, and fuse advanced engineering techniques and modern materials with exquisite craftsmanship to build custom and semi-production vessels of exceptional quality.

Following the major redevelopment of our Mylor Creek Boatyard, our acquisition of the Hardy Marine brand of motor yachts and our purchase of The South West Shipyard at Ponsharden, we are looking forward to exciting times ahead – expanding the range of high-end craft we design and build; investing in the Company and our workforce, and creating new career opportunities.

Working at Cockwells **is** a career; a life choice, not just a job. You become part of a family – proud of what we achieve as a team.

If you value attention to detail and are passionate about what we do, we value you, and offer secure employment in one of the most beautiful regions of the UK.

We now require full-time, experienced **GRP Technicians/Laminators** to join our growing team near Falmouth – the perfect destination for sailors, surfers and beach lovers.

## **Could you be one of them?**

### **Job description**

The role of **GRP Technician/Laminator** includes the following:

- Preparing moulds for lay-up without supervision
- Gelcoating prepared moulds
