

Are you our new Junior Boat Designer?

With 25 years' experience of building beautiful bespoke motor launches and superyacht, we are a family-run business and a growing company that is globally respected in the boatbuilding industry.

We are currently looking for a Junior Boat Designer to join our talented team who are committed to innovation in design and construction, cleverly integrating traditional boatbuilding skills with innovative engineering and modern techniques to build custom and semi-production vessels of the highest quality.

Job description

After initial induction and familiarisation with the company, the successful graduate will report to the Semi Production Design Manager in this busy, growing organisation. New designs and production drawings will be created for a range of projects including production motor launches and a new sports boat model.

The Junior Boat Designer will:

- Provide accurate information and drawings to the production team
- Develop the Duchy Motor Launches range (21ft, 27ft, 35ft, Duchy Sport and 45ft) and the recently acquired Hardy Motor Yachts range.
- Provide technical support by keeping technical files up to date and research additional hardware to be specified in designs.
- Keep the network in order with correct version control on documents.

Essential skills

- Proficient in the use of Rhino3D
- Ability to set out a technical drawing
- Flexibility and ability to work in a fast-paced team environment with continually changing priorities
- Creative person with the ability to problem solve
- Ability to communicate clearly and professionally
- Good communication of ideas (Sketch/presentation techniques)
- Happy to work with others and to an existing drawing system
- Have marine knowledge or interest in this field
- Good time management

Desirable skills

- Degree level qualification in Yacht and Powercraft Design, Product Design, Automotive Design (or similar)
- The use of Solidworks software
- A knowledge of joinery and composites
- Good knowledge of materials properties and construction techniques
- Photoshop software skills
- Graphic design: 1 year (preferred)

Location

The design team is based at our state-of-the-art head office at Mylor Bridge Boatyard in Mylor Creek.

Salary

A competitive and negotiable hourly rate of £9 to £11, dependent on experience.

Interviews

Interviews will take place as and when suitable applications are received.

How to apply

Please submit your CV, to Henry Ward, henry@cockwells.co.uk

Thank you. We look forward to hearing from you.
