

## **Commissioning Engineer**

Would you like to work with an award-winning boatbuilding company based in waterside offices near Falmouth, Cornwall - the perfect destination for sailors, surfers and beach lovers? Cockwells is a growing company; globally respected in the marine industry. We build luxury motor launches, sailing yachts and superyacht tenders. We are equally at home with modern, technologically advanced vessels as with classic boatbuilding.

We're looking for a professional, competent, and forward-thinking **Commissioning Engineer** to join our team

### **Job description**

- Develop and implement commissioning checklists for production boats and yacht tenders, using Cockwells build information and existing 3rd party systems.
- Work with the After Sales Director to establish the expected quality standard across all departments/trades.
- Liaise with Sales Manager to clarify all optional extras specified per vessel and check all accounted for on-board before leaving production.
- Liaise with the Production Director for timings to plan and carry out sea trials and tests, as defined in the checklists making sure all vessels have adequate time afloat and under test conditions before the handover.
- Create workable plans for all trades to carry out any snagging/re-work before the handover due date.
- Be present at the handover of the boats to go through any emergent snags and operational/systems questions.
- Produce work to the highest quality within the set budget.
- Work with the After Sales Director to attend to any vessels with relevant warranty concerns that cannot be handled externally.
- Work with After Sales Director and Production Director to develop a pool of multi-skilled labour that can be drawn on to deal with any issues to the best of our ability, in the fastest way possible.

### **Essential skills**

- Transferable operational skills from a similar role.
- Computer literate in Microsoft Office packages.
- Demonstrates excellent technical skills, providing a finish of the highest standards.
- Has good problem-solving skills.
- Professional, polite, courteous, and well presented.
- Has strong communication skills.
- Excellent attention to detail.
- Willingness to undertake additional tasks outside of these requirements for the benefit of the Company and its operations.

### **Desirable skills**

- Has experience in marine finishing/boatbuilding/the shipwright industry.

### **Location**

The usual place of work for this role is the Mylor Creek Boatyard.

**Salary**

£17p/h

**Benefits**

The company offers a four-day, 40-hour week with plenty of opportunity for overtime; flexible working; progression and training; competitive rates of pay; free parking; branded uniforms; a pension scheme and secure employment in one of the most beautiful regions of the UK.

**Interviews**

Interviews will take place as and when suitable applications are received.

**How to apply**

Submit your CV to [info@cockwells.co.uk](mailto:info@cockwells.co.uk)

Please submit a covering letter explaining why you would like to join us and why your skills and experience are a suitable match for this role, together with your CV, to [info@cockwells.co.uk](mailto:info@cockwells.co.uk).

Thank you. We look forward to hearing from you.
