COCKWELLS

7.6M T/T MALAHNE

With her varnished Brazilian mahogany hull and deck, and quilted maple veneer trimming, the bespoke tender that we created for the restored 50m motor yacht, Malahne certainly attracts attention.

To complement the look and feel of the mothership, we designed her in the spirit of the 1930s with a strip-planked yellow cedar hull and chrome fittings cast from period originals.

A unique vessel that strikes the perfect balance between classical elegance and modern technology, T/T Malahne can reach a speed of 35 knots courtesy of her 258hp Steyr engine, and transports up to eight guests and crew in style.
