

# Job description

## Design Draughtsperson

Would you like to work with an award-winning boatbuilding company based in waterside offices near Falmouth, Cornwall - the perfect destination for sailors, surfers and beach lovers? Cockwells is a growing company; globally respected in the marine industry. We build luxury motor launches, sailing yachts and superyacht tenders. We are equally at home with modern, technologically advanced vessels as with classic boatbuilding.

Cockwells Modern & Classic Boatbuilding Ltd are renowned for working at the cutting edge of technology and innovation, fusing the artisan skills of the shipwright with modern materials and methods and are looking for an efficient and creative Design Draughtsperson to join their design team.

The successful candidate will be responsible for the development of drawings for our current superyacht tender projects as well as developing new conceptual work for future projects.

Designers with experience in the industry would be preferred for this role.

## Job description

After initial induction and familiarisation with the company, the successful candidate will report to the Design Director in this busy, growing organisation. New designs and production drawings will be created for a range of luxury superyacht tenders. The candidate will:

- Provide accurate information and drawings to the production team for in build superyacht tenders
- 3D model (and occasionally render) the latest concepts
- Provide technical support by keeping technical files up to date and research additional hardware to be specified in designs.
- Keep the network in order with correct version control on documents.

## About You:

The successful candidate will have experience in the industry and be confident in producing a wide range of 2D drawings and 3D models for a variety of components required in the build of a Cockwells superyacht tender. Using Rhino3D, you will be able to produce technical drawings to our exacting quality standards, ensuring the successful delivery of relevant and accurate

information ready for use by the shop floor or by subcontractors. This could include 3D models being sent away for 3D printing or CNC cutting.

**Essential Requirements:**

- Proficient in the use of Rhino3D
- Ability to set out a technical drawing
- Flexibility and ability to work in a fast-paced team environment with continually changing priorities
- 3D rendering skills
- Creative person with the ability to problem solve
- Ability to communicate clearly and professionally
- Good communication of ideas (Sketch/presentation techniques)
- Happy to work with others and to an existing drawing system
- Have marine knowledge
- Good time management

**Other Desirable Requirements**

- Degree level qualification in Yacht and Powercraft Design (or similar)
- Good knowledge of materials properties and construction techniques
- Engineering design

Cockwells enjoy an enviable reputation as an award-winning company at the forefront of designing and building the highest quality boats, motor launches and superyacht tenders and regularly feature in international, national and local media.

We are committed to innovation in design and construction, cleverly integrating traditional boatbuilding skills with innovative engineering and modern techniques to build custom and semi-production vessels of the highest quality. The design team are based between two of our waterfront properties.

The company has high growth aspirations and are looking forward to exciting times ahead, creating new opportunities and investing in the future of the Company and its workforce.

### **Location**

The place of work is normally Mylor Creek Boat Yard, Mylor Bridge, Falmouth TR11 5NS, however you may also be required to work at our site in Ponsharden, Falmouth and should be flexible to work at either location as required.

### **Salary**

Negotiable dependant on experience.

### **Interviews**

Interviews will take place as and when suitable applications are received.

### **How to apply**

Please send your CV together with a covering letter outlining your suitability for the role, salary expectations and current notice period to [recruitment@cockwells.co.uk](mailto:recruitment@cockwells.co.uk)

**Please note you must have the right to work in the UK to apply for this position, as we do not offer visa sponsorship.**

We look forward to hearing from you.
