

## **Plant and Site Maintenance Technician**

Would you like to work for an award-winning boatbuilding company based in waterside offices near Falmouth, Cornwall - the perfect destination for sailors, surfers and beach lovers?

Cockwells is globally respected in the marine industry and at the forefront of designing and building luxury motor launches and superyacht tenders. We cleverly integrate traditional boatbuilding skills with innovative engineering and modern techniques to build vessels of the highest quality.

We're looking for a proactive and skilled **Equipment & Site Maintenance Technician** to take ownership of the maintenance and upkeep of our key heavy equipment and site infrastructure.

This role includes developing and implementing planned maintenance schedules to ensure the long-term reliability and safety of our operations.

## **Main Duties & Responsibilities**

### *Planned Maintenance Management*

- Develop, implement, and manage preventive maintenance schedules for:
  - Telehandler
  - Overhead crane
  - Boat hoist
  - Other workshop tools and systems as needed
- Maintain accurate records of inspections, servicing, and repairs.
- Monitor equipment performance and adjust maintenance plans accordingly.
- Ensure compliance with health, safety, and regulatory standards.

### *Equipment Maintenance*

- Perform routine inspections, diagnostics, and repairs.
- Troubleshoot mechanical and electrical issues.
- Coordinate with external contractors for specialized servicing or certification.

### *Site Maintenance*

- Conduct general maintenance of workshop and yard facilities, including:
  - Lighting, plumbing, and basic electrical systems
  - Doors, gates, fencing, and walkways
  - Drainage and waste management systems
- Support seasonal and ad hoc maintenance tasks (e.g., vegetation control, weatherproofing).
- Assist with infrastructure improvements and minor construction projects.

### *Operational Support*
